

ABOUT US

As New Global Logistics Inc., we act with an innovative, dynamic and customer-oriented approach in order to assume a leading role in innovation in the logistics sector. With our professional staff and extensive global network, we offer international transport services in the fields of road, air, maritime, rail, intermodal and project transport.

In order to meet the needs of our customers, we offer comprehensive and integrated solutions not only in transport services but also in areas such as storage-distribution, customs services, insurance and foreign trade consultancy. In this way, our customers can manage their business processes more effectively and efficiently.

Thanks to our constantly developing technological infrastructure, we always maintain our goal of providing the best and fastest service to our customers. You can manage your business more easily and efficiently with our feedback mechanisms, tracking systems, reporting tools and other technological solutions.

HAKKIMIZDA

We adopt customer satisfaction as a basic principle, and we take care to offer the most appropriate solutions by analysing the needs of our customers accurately. At the same time, we offer competitive prices to ensure that our customers gain cost advantage.

As New Global Logistics Inc., we combine the experience of the past with the technology and innovations of the future. With the boutique services we offer to our customers, we aim to add value to their success by providing reliable, efficient and competitive solutions.

“The Experience of the Past met with the Technology and Innovations of the Future”

OUR VISION

Our vision is to be a leading brand in innovation in the sector by providing sustainable, reliable and excellent logistics solutions to our customers on a global scale. We focus on customer needs at the highest level by constantly improving ourselves with our technology investments and expert team.

We aim to realise our goal of becoming a globally recognised brand with innovative and sustainable logistics solutions by leading the developments in the sector and exceeding the expectations of our customers.

OUR MISSION

Our mission as New Global Logistics Inc. is to optimise business processes and increase competitive advantages by providing customised solutions to our customers in the field of logistics.

Based on customer satisfaction, we aim to facilitate the business processes of our customers and to be with them by responding to their logistics needs in the most effective way. With the understanding of continuous development, we aim to be a pioneer in the sector, especially in the field of innovation, and to add value to our customers.

While overcoming the challenges in the logistics world with our experience, we establish trust-based relationships with our customers and all our stakeholders and believe in open communication.

OUR VALUES

Customer Orientation

In line with the expectations of our customers, we offer sustainable services that create value specially designed for them.

Innovation and Development

We aim to remain dynamic by researching, evaluating and realising innovations that will affect our vision

Sustainability

We demonstrate effective governance by integrating social, economic and environmental sustainability into all our processes.

Reliability

We act fairly, transparently and honestly by adhering to our ethical values.

Employee Happiness and Team Spirit

We aim to exceed the expectations of our customers with the flexibility and creativity brought by being a young breath in the logistics sector. In this direction, we aim to understand the expectations of our employees, meet their trust needs and offer them a happy work life. We take care to work in harmony and share our successes in order for New to achieve its common goals. We take responsibility to overcome the work regardless of the degree of difficulty.

Although we are a young team, we provide a reliable service with our experience and knowledge. While overcoming the challenges in the logistics world with our experience, we build a trusting relationship with our customers and all our stakeholders and believe in open communication.

ROADWAY

In the field of road transport, we are committed to providing the highest level of service to our customers with our extensive network and experienced team. We offer fast, reliable and flexible transport opportunities with our tailor-made solutions for each shipment. We perform route optimisations by using innovative technologies effectively, thus providing maximum efficiency and competitive advantage to our customers. We are proud to be one step ahead in innovation and boutique service understanding.

AIRWAY

We stand out in air freight by offering the most suitable solutions for our customers' urgent and sensitive shipments. Our air cargo services help you manage your business processes effectively by providing fast and reliable transport to global destinations. While prioritising the demands of our customers, we maintain our commitment to providing high quality service with our technological infrastructure and expert staff.

MARITIME

With our expertise in international maritime transport, we offer our customers reliable and cost-effective maritime solutions. With our portfolio on all continents, but especially in Europe, Asia, Africa and the Americas, we provide the most suitable maritime transport service for all types of cargo.

RAILWAY

With rail transport, we optimise your logistics processes and offer an environmentally friendly and cost-effective transport alternative. We offer safe and regular transport services with our expertise especially on the railway lines between Asia and Europe.

INTERMODAL

Intermodal taşımacılığın gücünü müşterilerimize sunarak, lojistik süreçlerinizi daha verimli ve sürdürülebilir hale getiriyoruz. Intermodal taşımacılık ile farklı ulaşım modlarını entegre ederek, müşterilerimize çeşitli avantajlar sunmamıza olanak tanıyoruz.

PROJECT TRANSPORT

We offer tailor-made solutions in the field of project transport, equipped with technology, speed and flexibility. With our boutique services meticulously designed for each project, we provide the most suitable solutions to the demands of our customers. We are at your side with our expert team and innovative approach to help you overcome any difficulties you may encounter in your project processes.

We focus on optimising business processes by safely transporting our customers' business and aim for perfection at every step. As New Global Logistics, we continue our understanding of innovation in the sector by blending our boutique service understanding with technology.

STORAGE & DISTRIBUTION SERVICES

As New Global Logistics, we are proud to offer our customers reliable, flexible and modern storage solutions at home and abroad. With our large warehouse areas, advanced stock management systems and expert warehouse staff, we optimise your logistics processes by offering customised solutions for your storage needs.

CUSTOMS SERVICES

We offer comprehensive solutions to our customers with our expert staff in customs services. We stand by you in your customs procedures in order to provide a reliable and fast transition in trade that crosses borders.

INSURANCE SERVICES

We add assurance to our logistics solutions with our domestic and international cargo insurance service we offer to secure your transport processes and minimise potential risks. In modern world trade, securing every step makes your business processes more secure and sustainable.

LOGISTICS & FOREIGN TRADE SERVICES

New Global Logistics Inc. contributes to the success of its customers in the national and international arena by providing a leading consultancy service in the logistics and foreign trade sector. In line with our company's mission, vision and values, we help our customers to optimise their logistics networks and make their business processes more efficient by offering tailor-made solutions.
